WORLD'S BEST BURGERS

The WORKS uses only the finest available ground beef to hand prepare 250,000 of our most popular all-beef patties each year. They contain our "top secret" blend of spices for taste only & absolutely no filler !! Each burger is then allowed to settle before being "Live Fire Grilled" to an internal temperature of 165 degrees. We gladly "grill to order" for adults over 18, but will ask that you sign a WORKS Waiver.

Our Gourmet Burgs are served on a choice of a lightly toasted fresh Whole Wheat or Cornmeal White bun, with fresh leaf lettuce. All condiments are of course Heinz, and are served to you at the table !!

Average cooking time for these beauties is 20 minutes. We don't push, prod or pinch them, they just sit & cook like a steak – so order up a Tower-O-Rings, a Rebuilt Starter or an order of Steamrollers, and a pint of Rickard's...then kick back & enjoy the ride. Worksburgers are worth the wait...**GUARANTEED.**
